

Mrs. Sipel is prepared to testify to so much of George Sipel's statement as refers to Jane Gibson, excepting the conversation between him and Mrs. Gibson on the Saturday night before the Grand Jury meeting, at which she was not present.

---

John Klein and Julius Sennenberg were interviewed by David Thompson. See his reports to the effect that that did not over-hear the conversation, but do know that Mrs. Gibson was present at Sipel's farm on the Saturday night preceding the Grand Jury investigation.

Mrs. Berry was also interviewed by David Thompson. See his report to the effect that she knows that Mrs. Gibson called at the Berry farm to see Sipel; otherwise she does not corroborate Sipel. She and Mrs. Gibson are friendly.
